

MARINE CORPS SYSTEMS COMMAND  
UNITED STATES MARINE CORPS

# Flame Resistant Organizational Gear (FROG) UUNS - CDTs# UNKNOWN

## Description

- FROG provides limited protection against fire/flame exposure.
- FROG I - balaclava, gloves, long sleeve t-shirt
- FROG II - enhanced combat shirt & trouser ensemble or CVC/flight suit.

## Acquisition Strategy

- R&D on fabrics/designs. Lab tests, including PYROMAN. Items selected offer optimal level of protection and wearability.
- Funding - \$44M.
- Contract Award – Multiple contracts awarded or pending.
- Vendor – GSA, Prime Vendor and MCSC contracting.

## Fielding Schedule

- Quantity Required – 57,400 sets.
- Quantity Fielded – 35k lt wt balaclava.
- Delta – 57,400 completed sets.
- Fielding Schedule – MARCENT established priority; shipping to I & II MEF STAP for deployments; shipping to theater - balaclava, t-shirts: full AO Mar 07; gloves: beginning Feb 07; combat shirt/trouser: beginning Mar 07.

## Sustainment Concept

- PM ICE will sustain via deliveries to STAPs through established contract (initial fielding will be to STAP and to MARCENT AO).
